CSC5/0.5	0.5m	(71.67.5105)
CSC5/1	1m	(71.67.5110)
CSC5/2	2m	(71.67.5120)
CSC5/3	3m	(71.67.5130)

Description

The LS5500/S Delegate Loudspeaker Panel is intended for flush mounting and is used to equip each delegate station with its own speaker.

In combination with the wide frequency response, the speaker produces an even soundfield which highly increases intelligibility.

Controls and Features

- Intended for flush mounting
- High quality loudspeaker, automatically muted when the microphone is activated
- Built-in power amplifier, with internally adjustable level control
